Summary	Information Technology graduate with a strong interest in full-stack and mobile application development, with hands-on experience developing academic and personal projects using React.js, React Native, JavaScript, TypeScript, Node.js, Spring Boot, MongoDB, and Firebase. Skilled in building responsive, user-friendly applications, developing REST APIs, working with databases, and designing intuitive interfaces using Figma. Seeking a Software Development Internship to apply technical skills to real-world projects, contribute to a development team, and gain professional industry experience.	
Education	Bachelor of Science in Information Technology University of Vavuniya https://www.vau.ac.lk	September 2023 - July 2026
Experience	Seeking Internship Opportunity Information Technology graduate seeking a Software Development Internship to gain professional industry experience and apply my skills in React.js, JavaScript, Node.js, databases, and UI/UX.	
Projects	MyUniPal – University AI Assistant (Group Project) Developed the mobile application frontend using React Native and designed UI/UX prototypes in Figma. Implemented responsive, user-friendly screens and components, with a personal GitHub repository showcasing my frontend contribution. Figma: https://www.figma.com/design/LiM9rB82j3ZfRc7VfeJntD/MyUniPal GitHub: https://github.com/ishqafathima/MyUniPal-My-Code-Frontend- MovieApp Developed a responsive movie browsing web application using React and TypeScript. Designed an intuitive user interface and integrated Firebase to support application functionality and provide a smooth user experience. https://github.com/ishqafathima/MovieApp Personal Portfolio Website Developed a full-stack portfolio website using React.js and Spring Boot. Built REST APIs for the contact form and integrated Resend for email delivery. Implemented responsive UI, navigation, and interactive components. Technologies: React.js, JavaScript, CSS, Spring Boot,MongoDB Atlas,Resend Live: https://ishka-portfolio.vercel.app Frontend: https://github.com/ishqafathima/My-Portfolio Backend: https://github.com/ishqafathima/Portfolio-Backend
