Summary	Information Technology graduate with a strong interest in full-stack and mobile application development, with hands-on experience developing academic projects using React.js, React Native, JavaScript, TypeScript, Node.js, and Firebase. Skilled in building responsive, user-friendly applications and designing intuitive interfaces using Figma. Seeking a Software Development Internship to apply technical skills to real-world projects, contribute to a development team, and gain professional industry experience.	
Education	Bachelor of Science in Information Technology Vavuniya https://www.vau.ac.lk	University of Vavuniya September 2023 - July 2026
Experience	Seeking Internship Opportunity Information Technology graduate seeking a Software Development Internship to gain professional industry experience and apply my skills in React.js, JavaScript, Node.js, databases, and UI/UX.	
Projects	MyUniPal – University AI Assistant (Group Project) Figma Design: https://www.figma.com/design/LiM9rB82j3ZfRc7VfeJntD/MyUniPal Developed the frontend of a university AI assistant mobile application using React Native. Designed user interfaces and UI/UX prototypes in Figma and implemented responsive, user-friendly screens and components. Created a personal GitHub repository showcasing my individual frontend contribution. https://github.com/ishqafathima/MyUniPal-My-Code-Frontend- MovieApp Developed a responsive movie browsing web application using React and TypeScript. Designed an intuitive user interface and integrated Firebase to support application functionality and provide a smooth user experience. https://github.com/ishqafathima/MovieApp
